## A FARM HAND

Kills a Farmer and His Wife  
Near Waukesha, Wis.

The Hired Girl and Hired Man Prob-  
ably Fatally Wounded.

The Murderer Had Been Sheltered Over  
Night by the Farmer—After Finishing  
His Bloody Work the Fend Mount-  
ed a Bicycle and Rode Away.

MILWAUKEE, Wis., May 7.—A double,  
and what may yet prove a quadruple  
murder, occurred at the farm home of  
Alexander Harris, who resided about  
five miles south of Waukesha, at an  
early hour Friday morning, the victims  
being Mr. Harris, his wife, hired  
girl and hired man. The crime was  
committed, it is supposed, by a farm  
hand named Wm. Pouch, who had been  
sheltered by the farmer over  
night. The dead and wounded are:  
Alexander Harris, aged about 45  
years, killed outright.  
Mrs. Harris, aged 41 years, killed.  
Hired girl, fatally wounded.  
Hired man, probably fatally wound-  
ed.

Early Thursday evening William  
Pouch, a farm hand who had worked  
for Mr. Harris about two years ago,  
called at the house and requested  
lodging over night. He was taken in,  
given supper and assigned a room.

After concluding his breakfast,  
Pouch arose from the table and started  
to walk toward the door, but suddenly  
wheeled around and before the women  
realized what was about to happen he  
shot Mrs. Harris in the breast and then  
fired at the hired girl. The farm-  
er's wife fell to the floor with a fatal  
wound and expired soon afterwards.  
The hired girl has a chance of recovery.

About 5 o'clock Mr. Harris and the  
hired man arose and went to the yard  
to milk the cows. Mrs. Harris and the  
hired girl remaining to prepare break-  
fast for the family. Pouch left his  
room quietly, and going to the yard  
where the men were milking the cows,  
bade them good morning, Harris and the  
hired man were sitting on stools near  
each other and before they were aware  
of any evil doing Pouch drew a revolver  
and fired at the farmer, killing him  
almost instantly. The murderer then  
turned the weapon upon the hired  
man and shot him in the body, inflicting  
a probably fatal wound. The man  
fell motionless to the ground and  
Pouch evidently supposed him dead  
also.

After finishing his bloody work the  
murderer mounted a bicycle and rode  
away. He started in a southerly  
direction over the Mukwonago road,  
and the supposition is that he is head-  
ed for Burlington. A posse of farmers  
are in hot pursuit, and the chances are

he will be captured before night. They  
openly vow that they will lynch the  
murderer.

The supposition of the authorities  
is that the man is either in-  
sane or that he committed the ter-  
rible deed in order to hide evidence of  
another crime. The manner in which  
the murders were committed show  
plainly that he had been deliberate in  
arranging his plans and had carried  
them out to the letter.

Mr. Harris was one of the best  
known farmers in the county and was  
quite well to do. Pouch had worked  
for him some time during the summer  
of 1895 and nothing occurred so far as  
known to cause any enmity between  
them. He is described as about five  
feet in height, 20 years of age, wears a  
mustache and has blue eyes. The  
name of the hired man is Nelson Mc-  
Holt. He is 25 years of age. The girl  
is Helen Vesbach, aged 26.

It transpires that after shooting his  
victims Pouch went upstairs and rob-  
bed the house.

Latest reports from Mukwonago  
state that Mrs. Harris was not fatally  
shot as first stated and may recover.  
There is little hope for Nelson Mc-  
Holt, the hired man, and Helen Ves-  
bach, the girl, their wounds being con-  
sidered fatal.

A Brutal Prize Fight.

ALLAGAN, Mich., May 7.—The most  
brutal prize fight ever fought in West-  
ern Michigan was pulled off early Fri-  
day morning in a barn east of this  
city. Eddy Shannon, of Detroit, and  
Lew Agney, of Jersey City, were the  
pugilists. There were 200 spectators.  
Three times the referee tried to stop  
the fight, fearing that Shannon's pun-  
ishment would prove fatal, but the  
men, who were dripping with blood,  
kept at it to the 45th round, when  
both fell exhausted. Shannon sprained  
his wrist in the 20th, but continued to  
fight like a fiend.

day was Chipley, 37; Stockton, 33; Ra-

actually issued.

## A MESSAGE

Asking for Information for Facts  
Connected With Commerce.

W. J. Calhoun, the Representative in  
the Ruiz Case, in Washington.

Chairman Dingley Has a Long Conference  
With the President—Senate Committee  
Seeking Information in Regard to  
Merits of Amended Tariff Bill.

WASHINGTON, May 7.—The president  
Thursday sent to the senate a message  
in response to a resolution asking for  
all information in the department of  
state concerning tariffs, taxes, exports  
and imports and in fact everything  
connected with commerce. The mes-  
sage transmits a letter from the secre-  
tary of state transmitting such  
information as has been fur-  
nished the bureau of sta-  
tistics through consular reports. It  
is hinted that the bureau has not had  
adequate funds to print all the infor-  
mation which has been received and  
the secretary suggests that larger ap-  
propriations be made for enlarging the  
work of the statistics bureau.

Mr. Dingley, chairman of the ways  
and means committee of the house,  
had a long consultation with President  
McKinley Thursday afternoon, pre-  
sumably about the tariff bill. Mr.  
Dingley declined to say anything about  
the subject of his visit.

Mr. Calhoun, the Illinois attorney  
who has been selected by the presi-  
dent to take the place of Mr. Day, of  
Canton, as the legal representative of  
this government in the prosecution of  
the Ruiz case in Havana, was at the  
state department Thursday to begin  
the preparation of his case. He spent  
some time with Assistant Secretary  
Rockhill, making himself acquainted  
with what has already been done by  
Consul General Lee and the depart-  
ment of state.

Hon. T. S. Sharrett, president of  
the board of United States general ap-  
praisers at New York, has been sum-  
moned to Washington to advise the  
senate committee on finance in rela-  
tion to the tariff bill. He was asked  
Thursday for an opinion in regard to  
the merits of the amended bill as a  
revenue producer, and in reply said:

"In my opinion the bill will produce  
sufficient revenue to meet the demands  
of the government. The duty on tea  
will aggregate at least \$10,000,000,  
while the increase provided for by the  
tax on beer will amount to from \$12-  
000,000 to \$14,000,000 more. The in-  
creased duty on sugar will result in a  
material gain to the volume of  
revenue over that produced by the  
act of 1894. Indeed, this in-  
crease alone would be almost sufficient  
if times were prosperous to produce  
the additional revenue necessary to  
support the government, as the de-  
ficiency under that act was due largely  
to the depressed conditions. I esti-  
mate the increase of the duty on sugar  
over that of the Wilson law to amount  
on the average to about 35 per cent. I  
do not believe that the increased rate  
will materially affect the volume of  
importations.

"There will also be a large addition  
from wool. I think the increase from  
this source will exceed the possible de-  
crease from the manufactures of wool  
due to the rates being prohibitive on  
the lower grades of woolen mixed  
goods. The cotton schedule shows  
very little change from the Wilson law  
and the same may be said of the metal,  
flax and sundries schedules. I say  
that the increased revenue on the ar-  
ticles included in these schedules  
would not exceed \$5,000,000."

Representative King, democrat of  
Utah, Thursday introduced a resolution  
for the annexation of Hawaii. The  
resolution declares that citizens of  
the United States, some of  
whom reside in the islands, have  
extensive financial interests there,  
that many of the citizens were  
formerly citizens of the United  
States, and by the ties of affinity and  
consanguinity are indissolubly bound  
to this government, that the rights  
and liberties of the Hawaiian people  
are guaranteed by its constitution, but  
that the perpetuity of the republic is  
not assured.

WASHINGTON, May 7.—Postmaster  
Brown, of Cincinnati, called on First  
Assistant Postmaster General Heath  
Friday and asked for ten new letter  
carriers, four new clerks and four new  
street railway postal cars for Cincin-  
nati.

Brown urged the rapid growth of  
Cincinnati and the annexation of five  
suburbs as reasons for the increased  
facilities, which, he said, were abso-  
lutely necessary. Heath and Brown  
will have another conference Satur-  
day.

Victims of the Fire Buried.  
PARIS, May 7.—Twenty victims of  
the fire of Tuesday last at the charity  
bazaar on the Rue Jean Goujon were  
buried Friday. The churches where the  
funeral ceremonies took place and the  
routes traversed by the corteges were  
thronged with people. The crowds  
displayed the deepest sympathy for  
the relatives of the victims.

POMEROY, O., May 7.—Frank Neut-  
zling, a young man of this city, is in  
jail in Middleport on the charge of  
shooting at his sweetheart, Ella Den-  
nis, with intent to kill. He narrowly  
missed killing a baby and wounded a  
spectator in the foot. The trouble grew  
out of Neutzling's refusal to marry  
her.

saying that the condition of the king  
of Greece is precarious.

## NEW YORK FIREMEN

Overcome by Smoke in a \$500,000 Fire in  
New York—One Dead.

NEW YORK, May 7.—The interior of  
the large cold storage warehouse of  
the Merchants Refrigerating Co., oc-  
cupying the upper floors of the five-  
story brick and stone building, 159  
to 163 Chambers street, running to  
Reade street, was almost com-  
pletely destroyed by fire Thurs-  
day night. The loss will prob-  
ably amount to more than \$500,000.  
Three alarms called 16 engines to  
the scene and 30 or more firemen,  
who entered the basement of 161  
Chambers street, where the fire start-  
ed, were overcome by smoke. Fireman  
John Rheinhardt missed his way in  
leaving the cellar and was finally taken  
out unconscious. He died in an  
ambulance on the way to the hospital.  
Rheinhardt was taken from the cellar  
by firemen John J. Murphy and  
John O'Connell. They were both over-  
come by smoke while rescuing Rhein-  
hardt and had to be taken to the hos-  
pital.

The first floor of 161 Chambers street,  
in the basement of which the fire  
started, was occupied by Robert Gair  
as a paper warehouse. As soon as the  
firemen got into the cellar they were  
immediately overcome. Rescuing  
parties were formed of policemen, citizens  
and firemen, who carried the uncon-  
scious men across the street to engine  
house No. 29, which was formerly old  
Chambers street hospital. The horses  
there were turned out and a hospital  
made of the place again.

## THE CUBAN WAR.

Negotiations for a Peaceful Solution of  
the Trouble, Pending by Purchase or  
Otherwise.

NEW YORK, May 7.—A special to the  
Journal from Havana says: Your cor-  
respondent is able upon high authority  
to confirm the Journal's recent Wash-  
ington reports as to negotiations pend-  
ing there between Secretary of State  
Sherman, Dupuy de Lome and Estrada  
Palma, looking to a peaceful solution,  
by purchase or otherwise, of the is-  
land of Cuba.

The story is the topic of conversa-  
tion in all the clubs.  
El Diario de La Marina, the reform-  
ist organ here, in a leader sounds an  
ominous note of warning by intimat-  
ing that the so-called reforms that  
Premier Canovas has offered to the  
island will be little more than a farce  
should Cuba be left to pay the cost of  
the war. Spain must pay it, El Diario  
declares, otherwise, the paper adds,  
she can not hope to keep the colony  
and continue to monopolize its trade.

## Murder and Suicide.

LEADVILLE, Col., May 7.—A woman  
known as Miss Belle Walker was shot  
and instantly killed by her lover, who  
called himself George Ratliffe, after a  
quarrel. The assassin then took his  
own life. A letter was found on the  
person of the dead man addressed to the  
coroner, and stated that his real name  
was Gardner Marchbanks, and his  
home was in Ooray. The woman's  
name was Laura Belle Lantz. March-  
banks said he sacrificed everything in  
the world for the woman and she de-  
ceived him.

## The Reported Strike Unfounded.

KNOXVILLE, Tenn., May 7.—The re-

ing settlement as to the wage scale.  
The strike has not been declared, how-  
ever, and no trouble is apprehended.

### COMFORTABLE FORTUNE.

A Columbus Wagon Maker Heir to \$150,-  
000 in England.

COLUMBUS, O., May 7.—Samuel Rine-  
hart, a wagon maker, residing at  
Fourth street and Woodward avenue,  
is anticipating the arrival in the near  
future of a comfortable fortune from  
England, he having received satisfac-  
tory assurances that there are \$150,-  
000 in London vaults of which he is  
the legitimate heir.

The money comes through his grand-  
father, Michael Rinehart, who was an  
officer in the German army. Retiring  
from the service he went to London,  
and embarked in business, amassing a  
fortune which reached the proportions  
of \$2,500,000. Upon his death his four  
brothers became his heirs, but owing  
to some complications they never came  
into possession of the property. The  
attempt of the family to get hold of  
the estate has been prosecuted for  
a number of years, and to all appear-  
ances is about to be rewarded with  
success.

### SHORT OF FUNDS.

Payment of Cleveland Police Court Of-  
ficials' Salaries Shut Off.

CLEVELAND, O., May 7.—The city au-  
ditor has shut off all payment of po-  
lice court officials' salaries. About a  
year ago the police court, running  
short of funds, induced Director Ab-  
bot to loan it \$2,000 from the police  
contingent fund. Since that time Ab-  
bot has been unable to collect the debt.  
The matter was taken to Auditor Ros-  
siter, who in person demanded payment  
of the debt. He was refused, and he  
informed the police court officials that  
their salaries would be stopped until  
the debt is paid in full. The officials  
under the auditor's ban include Judge  
Fiedler, Prosecutor Kennedy, Assistant  
Prosecutor Schindler, Assistant Prose-  
cutor Brinsmade, Clerk Honecker and  
seven others. They have no recourse  
except to seize the money in some way.

Murderer to Be Brought to Justice—A  
Crime of Six Years Ago.

MIDDLETOWN, O., May 7.—Some one  
either from this city or from Miamis-  
burg will be arrested soon for the mur-

six years ago. The case has been resur-

bring the slayer of her husband to the  
bar of justice.

Three men from this place were at

night of the murder, and Detective  
John T. Norris, who is now working  
on the case, was here collecting evi-  
dence.

### A Law Office Burglarized.

WOOSTER, O., May 7.—Jacob Rohler,  
apparently about 50 years of age,  
claiming a residence in Cincinnati, is  
here under arrest for burglary. The  
law office of McClure & Smyser was  
entered and three valuable overcoats  
were stolen, two of the coats being  
sold by Rohler to an engineer at the  
electric light works. Rohler does not  
deny this, but claims to have no  
knowledge of where he got the coats.  
He was very drunk when arrested.

### Organizing Fire Companies.

POMEROY, O., May 7.—Recently the  
city council passed an ordinance com-  
pelling every man not exempt by state  
law to perform two days' labor on the  
streets. Firemen do not have to work,  
and as a result new fire companies are  
springing up in every ward. Even  
the colored people have organized a  
brigade. It now looks like the male  
population of the town will be com-  
posed of firemen and ex-soldiers in a  
week.

was taken to his home, at 400 Locust  
avenue, by the patrol wagon.

time between June 20 and July 1.

Adkins, of the Atlanta high school,  
was arrested Thursday afternoon for

and entered into a bond of \$300 for his  
appearance before the next grand  
jury.

### Wants Increased Taxation of Railroads.

LANSING, Mich., May 7.—A long  
message from Gov. Pingree, urging in-  
creased taxation of railroads, was read  
in both houses of the legislature  
Thursday afternoon. The governor  
fears that the session will end without  
having enacted any adequate reforms  
in this line.

## THE BUCKEYE'S GRAND BARGAIN SALE

In Men's Suits For This Week  
Save on the Price—Not on the Quality

A low price that has for its basis a low or  
mean quality is really a HIGH price. When  
WE sell clothing for less than regular prices it  
is not because such clothing has been slighted  
or skimmed by the manufacturer, but because  
our superior purchasing facilities, or some for-  
tunate turn or chance in the market, enable  
us to undersell all other dealers. Remember,  
we never cut down the price by cutting down  
the quality.

Durable and stylish spring suits, elegantly made and  
trimmed, absolutely all wool fabrics and fast color,  
and equal in quality to those sold elsewhere at \$10.00  
to \$12.00, made from Black and Blue Cheviots, Plain  
and Fancy Cheviots, in Overplaids and Checks, and  
Blue, Black and Gray Clay Worsters. We ask you  
to step in, and let us show you these great values.
